CAREER HIGHLIGHTS

I have worked directly with prestigious clients, advertising directors, art directors, production coordinators, and production personal to achieve the customer's vision.

Establish color consistency, and image editing from Vogue ads to billboards to invites for high-end Fashion agency more than 5 years.

Provided the technical support to photographers for Fashion Runway show.

Blending talents with photographers and clients to produce high-end photos.

Attending many press-checks and making approvals for high end cliental.

Establish workflow and procedures for image server by creating OPI database and workflow.

Worked with vendors to establish workflows and help create color profiles to cut waste on press-checks.

Establishing a team and provided motivation to the team to produce a high volume of work.

Building web pages and e-commerce sites.

Directing, Editing Video, and Photo Shoots for special occasions of all types.
